

# Paddington Sports Club

## Terms and conditions for out of town alumni guest day passes

- The objective is to enable former members of the Club, who left in order to move out of London or abroad, to return to the Club when they are in London to play with their friends on a strictly limited basis.
- In order to be eligible for an alumni guest day pass, the former member must have been a full member of the Club at any time in the past for a period of at least one year, and must have a permanent place of residence which is more than fifty miles out of London or abroad.
- Qualifying individuals must be invited by an existing member, and may receive day passes on a maximum of five days per calendar year, on weekdays only, at a cost of £30 per pass.
- Each pass will enable the former member to be booked in as a guest by the member inviting them at any time of the day in question, i.e. not limited to the usual visitor hours, and to join any club social on that day with the member inviting them, at no extra charge. The usual 4 hour booking rule will apply.
- Guest passes must be applied for by the inviting Club member, and must be purchased at least a day in advance. The former member must be registered with the Club in the same way as any other visitor, and courts must be booked through the office.
- The office may ask the former member for proof of residence, e.g. a council tax statement or utility bill.
- Alumni guest bookings will count towards the inviting member's allowance of 8 visitor bookings per membership year, a day pass being treated as a single visitor booking for this purpose
